

a small window into a big life®

sustain your business

Business You Can Count On

Kolo is a classic. We all crave comfort, and photos bring us home. Our respected designs mean reliable orders and business you can count on. In short, Kolo is a sure thing.

Thousands of Referrals to Your Store Annually

From our web site, printed catalog and Koloist blog, Kolo drives customers to your door daily. On kolo.com, the Store Locator gets more hits than any other page on the web site, sending Koloists to your store.

Less Distribution Means Higher Retail Sales

Kolo's not in every retail store. We've never gone mass retail. By never saturating the market, our partner network enjoys greater opportunity for retail productivity.

At Your Service

Our service is designed to help you with special needs and requests, and our dealers count on it every day. We know the things that matter: seamless everyday business transactions, high fill rates, and people who really care. At Kolo, we promise all three.
